

# “Evidence from Elsewhere: Gathering, analysing and using other people’s evidence”

(An Evidence for Success supplementary guide)

**22 March 2017, 9:45 - 12:00 pm**

Big Lottery Fund, Pacific House, 70 Wellington St, Glasgow [G2 6UA](#)

The [Knowledge Translation Network](#) (KTN) works to maximise the impact of third sector knowledge and evidence by ensuring it reaches Scotland’s service providers and decision-makers. Running parallel to the [Scottish Third Sector Research Forum](#), the KTN aims to:

- Share learning about effective knowledge translations
- Promote the use of evidence in decision-making

The ***Evidence from Elsewhere guide*** responds to a demand amongst third sector organisations for guidance on **how to gather, analyse and use other people’s evidence** to inform and influence policy and practice.

## Programme
