22 March 2017, 9.45am - 12pm, Glasgow.

You are invited to the launch of the latest [Knowledge Translation Network \(KTN\)](#) guide - "**Evidence from Elsewhere: Gathering, analysing and using other people's evidence**" at Big Lottery Fund, Pacific House, 70 Wellington Street, Glasgow G2 6UA

If you work in the third sector and want to use other people's evidence to inform, influence and improve policy and/or practice, internally or externally, regardless of your experience level, come along and get your copy of this new publication.

This event is funded by the Scottish Government Third Sector Unit so there is **no cost to you**. It will provide an opportunity to:

- Have a first look at the **guide**, which will be published on the KTN's webpages
- Share best practice and challenges about gathering, analysing and using other people's evidence to influence policy and practice
- Help the KTN shape future training and support on the use of Evidence for Success guidance
- Network with others who are interested in this area of work.

For further information about this event please see the [programme](#).

[Book here](#) before **Friday 10th March**.

Please note that places for this event are limited and booked on a 'first come first served basis' and limited to one person per organisation.

Any questions about the event please email info@evaluationsupportscotland.org.uk or call 0131 243 2770.

The [Knowledge Translation Network \(KTN\)](#) was established in 2012 to facilitate and share learning about effective knowledge translation and dissemination activities. Previous publications are: [Evidence for Success](#) and [Collaborating with academics](#).

For more information about the KTN, "Evidence for Success" guides, please visit the [KTN's webpage](#) or email [Patty Lozano-Casal](mailto:Patty.Lozano-Casal).

Help complete the picture of third sector volunteering in health

Can you spare five minutes to tell [Voluntary Health Scotland](#) how you involve volunteers in NHS settings in Scotland?

Help VHS to complete its data collection for the [Clear Pathway](#) project by doing this short [Survey Monkey](#)

Clear Pathway aims to support safe, effective and person centred volunteering in NHS settings, with the focus on volunteers recruited and managed by third sector organisations. The survey results will help inform a report and guidance for health boards and third sector organisations.

This invitation is to any charity, voluntary or community organisation, social enterprise or housing association that involves volunteers in hospitals and other NHS settings – or doesn't currently, but would be interested in doing so.

You may choose to complete the [Survey Monkey](#) even if

you think you have already been interviewed by VHS.
